

# ***Questionnaire concerning the sale of the joint ownership rights including the VvE check-list***

**Dutch Cooperative Association of Real Estate Brokers & Real Estate  
Experts NVM U.A.**

Version 2023

## The aim of this questionnaire

This questionnaire has been created because as the seller, you are obliged to provide detailed information about your apartment, even if the information appears less favourable for the sale. The aim of this list of information is simply to give the shape, content and structure in compliance with your duty of disclosure as the seller. The duty of disclosure goes no further than sharing what you as the seller know about the apartment at the time of completing the contract. The questionnaire is not intended to provide guarantees and is of an informative nature.

If defects and such like are reported in time, your NVM agent is then able to ensure that proper agreements are made with the buyer. For example you can agree that certain defects are entirely at the expense and risk of the buyer. If the defect is not discussed earlier, then you run the risk of the buyer holding you liable afterwards.

The list is aimed at helping you to gather information about the apartment. Therefore complete the list fully and truthfully.

This list is divided into two parts.

For example the first part contains questions about the financing of the apartment and is only of concern to you and the NVM agent. At the top of the questionnaire there is: **questionnaire about the seller.**

In addition to the questionnaire, there is also a page listing the documents to be submitted. If you have already submitted one of those documents, then of course you don't have to submit it again.

The second part contains questions about the condition of the apartment and can be given to the buyer along with the sales contract for example. At the top of the questionnaire there is: **Questionnaire about the apartment.**

If you still have any questions, please contact your NVM agent. Send off the list as soon as it has been completed. Because 'prevention is better than a cure'.

Where the word apartment is used, this refers to the joint ownership rights.

## Privacy Statement

The information in the list is processed confidentially with the application of the appropriate technical and organisational actions. The information is used solely within the scope of the assignment you have given regarding assistance with the sale of your apartment. Information shared with third parties is only shared if it is necessary for the conclusion of the purchase contract, or where there is a legal obligation. For further information about our privacy policy, we refer you to our privacy statement.
